The Lady:

Yumi matches her photos on the web site. She is very small (no more than 5 feet tall). Very attractive...I was instantly aroused.

The Story:

Yumi immediately threw her arms around me in a warm welcome. After taking a shower she proceeded to carry out some very expert massage on me. She turned me over after about 10 mins and proceeded to pay attention to the main area: I had to stop her fairly quickly as things were going a little fast. On with the jacket and some quick mish sex. The next 30 mins or so were spent talking and cuddling (she also french kisses). After this she expertly brought me around with fantastic oral technique; on with the jacket again and some superb sex with her riding me, me taking her 'mish' and finally some superb Doggie.
