The Premises:

Pleasant ground basement flat in West London, funnily enough the same flat where i had seen Maya from the same agency two weeks previously. Discreet entrance and spacious inside. Lovely helpful lady from the agency (Susan) who reassuringly recognised my voice but initially gave the wrong address - 'avenue' rather 'gardens' which made me a little extra late for the appointment

The Lady:

Slim, long dark blonde hair with one or two notable features - tattoo on the small of her back, pierced nose and belly button. Sweet smile and irresistible accent. Approx 20 years old. Toning required at the Gym.

The Story:

I had previously seen Helen back in January when she was the girl of the month with this agency, this was a delightful experience and i gave her an excellent review on the Captain '69 site.

However in this line of work things change quite rapidly and although i still had a very pleasant time it wasn't quite as mind bending as our previous meeting. It was pleasant though that Helen remembered me and how we had enjoyed the taste of Russian champagne together back in January. This time though her price per hour had risen and her services had become more routine rather than explosive. The Blow Job had now become covered although she asked me which i preferred beforehand persuading me that the condoms she used were specially for blow jobs (flavoured variety). I tried my full repertoire of oral skills to rev her engines but it seemed i was just another punter. Don't get me wrong i like Helen very much as a person but it seems she is in this now for the money rather than the enjoyment as well, shame really. Having seen Maya (who is presently girl of the month) from the same agency two weeks previously it proves that a girl who is fresh to this scene can be more adventurous and eager to prove herself, we were together for well over one hour which meant to me that she really enjoyed herself. Helen on the other hand had one eye on the clock with ten minutes to go as i tried to have a second round of honey, that option was a no go and i went away feeling a little down rather than walking on air, even speaking Russian didn't improve things on this occasion! Poka Poka Helen!
