### The Premises:

Her place was very plush and very nicely decorated in a contemporary style. Lots of wooden flooring and stuff like that. Lit with candles and soft lighting.

### The Lady:

Again as I've said in a previous post on another lady. The pictures only give you an idea of what she's like. In real life she's so much more beautiful. Check her site for the statistics. Slim, black hair, exquisite body and nicely trimmed. She has a beautiful face too.

### The Story:

I was treated to a kiss and a glass of wine when I entered her apartment. Only I didn't get much of a chance to drink too much of the wine. Not that I at all minded. The music went on and I was treated to the most wonderful seduction which totally blew me away. It was out of this world. Lots of kissing (with tongues) and close contact. I'd see her again just for the seduction. We hadn't talked much at this point, but there was no need. It was just heaven. After a little while we then moved on to the bedroom where I was treated to the most erotic massage all over. Found a couple more erogenous zones I didn't even know I had.

I then turned over and you can imagine the rest. We did everything apart from A which doesn't bother me and it was extremely enjoyable. Check her site for any other specifics. She has a fantastic body and knows how to use it. Slow and sensual. Very sensual. I was in a haze the whole time.

Afterwards we just lay there in each others arms stroking each others bodies kissing and talking. She was such a joy to be with. Very sexy. A great GFE, if your girlfriend couldn't get enough of you and was waiting to pounce on you as soon as you stepped through the door :o) I will definitely be seeing her again. Treat her nice as she's fantastic company if you get to know her. Another wonderful lady. I could get used to this :o)
