### The Premises:

Very discrete place. She has a clean flat, on 1st floor of small block of flats, entrance right next to stairs.

### The Lady:

Paris is probably in her late 20's or early 30's. She has chocolate coloured skin, which is soft and smooth. Her shape is not skinny nor fat, but firm and curvey, with large breasts and lovely long nipples when sucked, a small waist, descending to a firm round bottom above strong thighs shown to perfection in her white garter and stockings.

### The Story:

Paris is more than value for money. Her technique is mind blowing and she is a true professional ensuring my full satisfaction. She started by doing a lap dancing routine (but with lots of touching!!). Me sat on the edge of the bed, her stripping slowly in front, rubbing her bum up and down by chest and occasionally descending to stroke my nob - guaranteed to get an erection. She then turned around so I could suck on her nipples, while she pinched and tickled mine - also a very erotic experience. She then proceeded to slip a dildo in and out right in front of my eyes, while I sat there able to watch and also comfortably lean forward and lick her pussy. Next she pushed me back on the bed and licked my balls very slowly while also very slowly wanking me - this is an indescribably exquisite feeling - what a tongue, what a technique! Next, on goes the condom and slow sucking, while reaching up to tickle my nipples - fantastic. She then climbed on the bed to kneel over me and continue sucking but so I can suck her - like being in heaven. Im beginning to boil over by this stage, which Paris recognises, so with total consideration kneels doggy fashion and offers a wonderful spread to feast my eyes on before I thrust into her. While I do this and lean round and massaged her mams she is whispering the lewdest encouragement any man needs to enjoy a session, and I felt like I was turning inside out when I eventually shot a my load. Brilliant!
