Cherry is a 5ft 7in brunette with a slim and fit 36-25-36 figure that her photos do not do justice.

### The Story:

I have deliberated long and hard over whether I should write this review as I really would like Cherry to be my own personal secret but it's Xmas, so in the spirit of giving and sharing let me tell you what a wonderful lady Cherry is and what a great time we had together.

I had booked for four hours having planned a leisurely meal in a local bistro before returning to the apartment for "dessert". However each time I see Cherry I find that time seems to fly past far too quickly and so I did something I have never done before and extended my visit to overnight. A spur of the moment decision, yes, but probably one of the best decisions I have ever made.

Our date, for that is what it felt like, can be summed up in one word - Synchronicity - for whether we were talking or laughing or making love, we were in perfect harmony.

The downside to a long and passionate night and an energetic awakening after barely a few Z's was that it was a real struggle not to fall asleep in the office the next day, and if I had, how could I have possibly explained the inane grin on my face?

Cherry, next time we meet I will make sure that I take the next day off work as I need to keep my job to be able to save up to see you soon.
