The Story:

Been to this place several times in the past - They have different girls daily, all of which have been very nice in the past, but Candy beats them all hands down. The maid's always very chatty & friendly too.

Anyway, what happened... Arrived & was shown to a spare bedroom to wait for Candy to finish with a previous punter, & was offered a drink by the maid.

After 10 mins, my time came. Candy came into the room looking stunning in a body-hugging lace dress. After the business side was sorted out (plumped for a full personal service, ?60), went straight to a fantastic full body massage, followed by oral (covered) & sex & finished off by hand over her chest. She's there every Tues & Weds - I'll definitely be there next week!
