The Premises:

Victoria House as I have said before must be the cleanest most comfortable establishment I have ever had reason to visit. Well done to all concerned.

The Lady:

It was purely by chance that I ended up with Charlie, what a stroke of luck it was to! She is absolutely stunning tall, blonde, toned & tanned, firm tits she looked an absolute peach in her white fishnets, suspenders, thong and bra particularly so as this room was very effectively lighted with uv strip lights(so do not hand over duff notes!).

The Story:

It has to be said this woman can give a great massage firm and erotic, good work. It is an erotic sensation just watching this woman work, a figure that can not fail to arouse. Obviously in such a state it would of been rude for me to of refused her offer. This woman is one great shag yes sir she can perform. All I will say is form an orderly queue behind me because I shall be bying a season ticket!!!
