The Premises:

Easy to find, close to station...plenty of parking. Reasonable place, could do with a renovation inside, but not uncomfortable.

The Lady:

Stunning...there's no other word to describe her. Late 20's, early 30's brunette, very slim. Fantastic tits...I suspect not real, but tastefully done. Neatly trimmed pussy. Fantastic legs and arse...all in all a real stunner.

The Story:

No massage to start with, she slipped off her clothes and say next to me on the bed and started playing with my cock which was instantly hard. We chatted for a while whilst she did this and I played with her tits and stroked her clit. After a while she lay back on the bed and asked me to lick her pussy which I was only to glad to oblige. We did this for ages and she seemed to genuinely enjoy it...whether her orgasm was genuine I can't say for sure, but if it wasn't she can fake a blood rush to the chest!

After this she slipped on a condom and gave me a blowjob...not the best I've ever had, but pretty good all the same. Then she climbed on top and rode me enthusiastically with some interesting variations in her technique. I asked her to finish me off orally, so she put on a new condom and sucked and wanked me agin to a great finish.

If she also offered a GFE and OWO, Melissa would be unbeatable.
