The Premises:

Completely safe area. Not too many people around. House is fairly easy to find with the directions given. As usual though, I didn't see much of the house before being escorted upstairs!

The Lady:

Very attractive housewife next door type. In her early forties and always dresses to impress in see through blouse, short skirt, hold up stockings and heels with no underwear.

The Story:

Well, this is actually the fourth time that I've visited Helen and I only go back because it's absolutely fantastic. In my opinion it doesn't really get any better than this as she has only a few limits once you are known. Not only is the encounter varied and usually frantic, you can also have a nice chat with Helen as she really is a genuinely nice person. Usually restricts her clients to those aged forty and above. I always knew that old age would be useful at some stage of life!
