The Lady:

absolutely stunning girl. Very pretty, slim, gorgeous body, dressed in a very small leather mini skirt and top. Looked ravishing.

The Story:

I've previously reported on a brilliant session with Leah about 2 weeks ago but had to report again because this session was different and shows she has more skills than I first realised.

After I'd showered and was dry I sat on the bed waiting a couple of minutes. She came in and standing inches from my face asked if I liked her sexy little leather mini skirt. It was the sexy innocent way she asked and I was turned on straight away without her even touching me. As she stripped naked before me somehow the subject of spanking came up and I found she shared the same liking as me for caning. Her giving it and me receiving it. She was very enthusiastic and went out returning seconds later with a swishy cane.

First of all she lay on her stomach for me to feel, massage, lick and kiss her incredible sexy back and arse while lifting herself so I could lick around the front as well. She then knelt up on the bed and we hugged (she is so soft and sexy) then she got the cane. She told me to get on the bed on my knees and while I bent forward started caning my arse lightly at first then at my request harder. She did it with enthusiasm but making sure not to leave marks.

After leaving my arse with a warm tingling feeling I lay down on the bed and she straddled my face then gave me a slow and sensual hand relief while I kissed her arse. I was so turned on by her and the session that I came very quickly.

In 10 years of punting I've always felt quite lucky to find the best girls around, and in that time Leah is one of the best, if not the best. She has a lovely personality to go with her looks and I thoroughly enjoyed being in her presence. I highly recommend her.
