The Premises:

Well Furnished Flat just around the corner from Lancaster Gate tube station, quite discreet and spacious and clean inside.

The Lady:

Pretty slim blonde (not Swedish according to the agency) with shoulder length hair. Wearing skimpy black lingerie and not as 'serious' as the photo's on the website suggest, smiles and laughs alot during the session.

The Story:

I booked Nicole on the strength of previous good reviews and I unfortunately just missed out seeing her before her hourly rate increased to ?200 per hour, it seems as though the prices always rise when you guys give outstanding reviews on these babes! Ah well!

Anyway, Nicole is a lovely person first and foremost and then she happens to like sex as well. She would be an ideal person to go out with for an evening, laughs and smiles at all your bad jokes and generally has a great time allround. I was not too sure that Nicole was adventurous and randy as I was expecting but nonetheless it was all very pleasant stuff, one downside is that I was a little reluctant at first to go down on her as the taste was a little past its best but in the end the wild animal in me took over and I clawed my way through her skimpy panties so that I could make her very moist before entering her with her head dangling tantalisingly over the edge of the bed! She was fascinated how I had changed from a shy retiring guy to a 'I want to fuck you' kind of wild boar searching for truffles. She told me she has alot of regulars - on average one a day compared to some of the other girls who only have 2-3 punters a week. So to sum up yes a great time but at ?200 quite expensive and there are many takers at this price so my advice is think wisely we are all pawns in this game.
