The Premises:

Clean, nicely furnished suburban house, which she shares with Danielle, also of Isis and Blonde Escorts.

The Lady:

Tanned, slightly freckled, very buxom wench with longish black hair with lighter streaks. If you want plenty to grab hold of, Tricia is your girl!

The Story:

After making me a cup of coffee Tricia led me to the bedroom and we immediately started kissing and she began to undo my shirt while stroking my crotch with her hand and knee. We dragged each other to the bed kissing and cuddling all the time. Tricia could snog for England! The more passionate I got the more she responded. The only slight complaint is I would have liked a bit more eye contact.

Unfortunately I got a bit too passionate and came too soon. I wasn't too bothered as I wanted TLC above all else and Tricia certainly provided that. Her oral technique is so good that you lose any control over your cock that you had and you feel ecstatically numb. She is as enthusiastic about oral sex as she is about kissing. I next went down on Tricia and unless she is a good actress she enjoyed it judging by the moans, pants and arching and gyrating of her body. There was endless kissing, cuddling, and fondling her immense breasts. Tricia certainly seemed to appreciate vocally me rubbing her nipples and fingering her pussy and it does wonders for your ego when this happens.

I wasn't really up for another full erection and ejaculation, but by clenching each other tightly, muzzling each others genitalia by mutual pelvic thrusts we had a very enjoyable last hour, eventually collapsing in each others arms.

After a lovely intimate chat and final kiss goodbye I left feeling like a superstud.
