The Premises:

A pleasant suburban house, with three bedrooms upstairs and one with an ensuite downstairs. Very nice and discrete, but Willy is not renewing the lease, but moving out of here now to a more central location.

The Lady:

There were only three ladies in attendance.

Natasha (<http://www.escort.natasha.freeuk.com>): An exceptionally attractive lady with the most incredible slim figure, glorious boobs and a peach of an ass. The web pics don't come close to the wonderful reality. She's been a perennial presence at all the Wicked Parties I've been to (5 now) and a delight at all.

Amy (<http://www.horny.amy.freeuk.com>): Very pretty, lovely long hair and a glorious figure of which her lovely big boobs are the most magnificent detail. Had a great session with her at a party in Oxford and again this time.

Anna (<http://www.anna-fitasabd.freeuk.com>): Small, pretty and with a lovely figure, not so much up top as her companions, but a wonderful little lady.

The Story:

A rather smaller party than what I have been accustomed to at Wicked events, with only three ladies and some eight or so guests. Probably a coincidence but last time I was at a north London party it was not dissimilar (see FR 25543). As at most parties, there were some newbies, who were a little nervous, and some old stagers like me who were a little nervous too, but at least knew the ropes a bit better.

Things seemed to take longer than usual to get going, and the guests sat around in robes for a soon while until eventually Natasha decided to start the ball rolling. Ever eager I chased upstairs more in pursuit of Anna than of Natasha. Natasha is always keen on deflowering the party virgins, while I was keen to sample the delights of a new lady. Eagerness has its reward, and I was at the front of the queue when it came to Anna, she grinned a little at my enthusiasm, but skinned off her

undies and after giving my cock a quick wipe over (the first of many), knelt down to give it a suck. I quickly urged her onto the bed, and then into a 69 so I could bury my face in her sweet little pussy, while she got down to giving my cock - already hard - a damn good sucking. Anna seemed appreciative of my oral attentions to her, but this was nothing to what I felt about hers to me. As usual for the first round I was never going to take long, but when after a minute or two I came hard in Anna's mouth I was surprised at the intensity of my orgasm.

Anna like the other ladies is of the spit rather than swallow school of oral, but she seemed to be really enjoying herself as I continued lapping away at her quim throughout my climax and thereafter. I felt I must have been doing a good job as minutes after I had come she was still reluctant to get off me and gave a snarl of frustration when she finally decided she could wait no longer and needed to rush to the bathroom to spit my cum down the sink.

Momentarily sated, I rolled off the bed to let another guest take his turn with Anna. With Natasha keenly involved with at least two others, I decided to see what Amy was up to in the next room. She was busy giving someone a blowjob, but seemed okay for me to interfere with her as she worked away, playing with her magnificent boobs. Unlike the other girls Amy had on some clothing, a little dress and crotch less fishnet tights. After a while she worked her current victim up to a satisfactory climax, and dashed off to rinse her mouth, promising to return shortly which she did. I quickly lay her down on the bed and began to devour her pussy. I wanted her to take off her dress, so I could admire her gorgeous body in its entirety, but she refused, so I let her be and concentrated on licking her out. I spent quite some time between the lovely lady's thighs, until I seemed to bring her to a satisfactory peak.

Then it was my turn. Once more a wipe to clean me up, then some delicious OWO. Once I was nice and hard, it was time for Amy to rubber me up, and then I was groaning in delight as she swung her leg over me and eased my swollen knob up into her snug pussy. The sight of Amy in the saddle, her beautiful big boobs swaying gently as she rides you is one to savour. But I wanted to enjoy this wonderful woman in as many ways I could manage, and after a while I rolled us over so I was on top. Pushing her legs up high, I was soon giving her a firm pumping on her back. Then for the finale over into doggy. Oh for a mirror to watch Amy's beautiful boobs swinging beneath her as I pounded away at her glorious arse. Grunting in pleasure I finally erupted inside her tight pussy.

I was feeling well pleased with myself at this point, but it seemed quite a while before I was able to get together with a lady again, they all either seemed busy or in the bathroom. Eventually I got Natasha on her own though. I wanted to take my time with her, so started off giving her a long session of oral. She, as always, seemed to this enjoy a lot. Usually though she tells me to stop before I can bring her to an orgasm. This time though she didn't and after some persistent lapping away at that smooth shaved snatch the lovely lady seemed to enjoy a strong climax. She certainly had a lovely grin all over her beautiful face as she urged me up onto the bed, and slipping between my legs returned the favour giving me some excellent oral. While she was doing this, another guest was fondling her boobs and bum from behind.

It wasn't long before Natasha had got my cock bone hard again, and she knows me well enough to know what I wanted next. Anxious to entertain the other chap at the same time after she rubbered me up, she directed me to take her from behind, so she could suck his cock. My preference when fucking any girl, but especially one as sexy and desirable as Natasha is to have her every way imaginable. But if forced to have her but one way, what better than doggy. To have Natasha's perfect slender back stretched out before you, the perfect taut globes of her buttocks eagerly pushing back to meet you as you pump away at her tight pussy - it's more than just sex, it's a work of art.

Natasha urged me to go at it hard and fast, and I did my best, but I'm not in the peak of physical perfection, and anyway I was in no hurry to finish, and it was some time before, with a last burst of frantic pounding away at her firm bottom, I exploded once more. There was no respite for poor Natasha though. No sooner had I managed to disengage from her, than the other guest had her

spun around so he too could assault her from behind. Younger and more athletic than me he went to work with real enthusiasm. Natasha looked to be really enjoying it too!

There was now an even longer break in activities. The girls and other guests seemed to get into a bit of a torpor for quite a while. Eventually though Anna signalled she was ready for more, and I eagerly joined her in one of the bedrooms for another session. Her oral was as delightful second time around, but this time I was eager to enjoy the delights of her pussy as well as her mouth. The little lass didn't take very long to get my cock nice and hard again, and soon I was urging her to roll on a cover and to climb into the saddle. I'd expected Anna to be nice and snug and so it proved, even with a generous dollop of lube, it was a bit of an effort to slide up into her hot little pussy. Then she was bouncing herself up and down on me energetically with me moaning in delight. I let her ride me for a while before deciding it was time for me to take Anna on her back. This I did, being encouraged to fuck her hard with her legs up on my shoulders. Excellent! And to finish? Well I am nothing if not predictable. Anna rang the changes a little though, taking advantage of her petite frame and getting on hands and knees near the edge of the bed, so I could stand on the floor and take her from behind. Once more I squeezed up into her tight snatch and then started pounding away at her lovely little bottom. Having already come a few times, it was some time before I finally reached my climax, but damn I was having so much fun I wish I'd lasted longer.

Another rest, and some food. Paz unfortunately is not able to do the catering at the parties nowadays, but Wicked Parties remain at the forefront in culinary affairs, and Willy (presumably having learnt from the master) produced me a steak sandwich are well up to Paz's high standards. After some more sitting around Natasha took pity on me and took me upstairs again. God this woman is beautiful. After some delightful mutual oral, she decided she'd 'let me' take her with me on top, so I got between her legs, slid all the way up her snug pussy, then pushed those lovely long slim legs up over my shoulders and shagged her hard. After a good long time, and with much encouragement from the lovely lass pinned beneath me, I eventually came to a very satisfactory climax.

A bit the worse for wear, now I headed back downstairs and had a chat with Willy about the 'business' and the problem the house had proved to him, by renting it on a permanent basis, he had been forced into running parties just to pay the rent, which wasn't really what he wanted to be doing. Still now the lease was up and he had a new place lined up in Tower Hill.

After this I was feeling frisky again, and headed upstairs. All the ladies were busy, but I bided my time, and eventually Amy became free. Unfortunately she then told me there wasn't enough time to have another session with her. I was a little disappointed and upset by this attitude. While in honesty what she said might well have been true - it was after all 18:10, but I felt she could have shown a little more enthusiasm, and it was with somewhat of a feeling of frustration that I got dressed and after making my farewells headed home.

Overall - well I have to say a little disappointing. Of course I had a good time - probably a great time by most peoples' standards, but Wicked Parties set a very high standard, and I have to say of the five I've been to now this was the tamest. This was partly to do with ratios, Willie was caught out the night before with perhaps too few guests, during this afternoon with perhaps too few girls. I couldn't help feeling one more lady and the whole thing would have taken off. Partly I guess it was a bit due to personalities. I'd put Natasha, Amy and Anna near the top of any list of party girls, but while they are delightful that they lack that little madness, that girls like Laura or Chrissy bring to a party that makes for a real fizz. Anyway for whatever reason, the girls, the other guests and, I must confess, myself all seemed a little too reluctant to indulge in the non-stop rampant group sex that makes for a really exciting party.

But to expect the same peaks every time is unrealistic. I'm confident that with the new location near Tower Hill and a couple of new faces, Wicked Parties will be back at full throttle by the time I've saved up some pennies for my next party with them.
