The Premises:

Penny's is one of only six parlours that I've been to, so I can't profess to write the book on this subject. However it is the place that I keep going back to, probably 20 times in the last 3 years. There is a very convenient supermarket car park just across the road so theres never a parking problem. There is a foyer type entrance which means that you can get off the sreet immediately. The parlour would benefit from a lick of paint and some more modern paintings, but overall the girls seem to keep it clean. I'd rate it 2nd out of the 6 that I've been to in terms of class. I don't know about you chaps but I just can't relax in a dirty run down place. I always manage to chill out here.

The Lady:

Simone is white, aged about 28, blonde (not peroxide white blonde). I'd guess size 12 - 14 (apologies Simone if I got that wrong) Stats are probably 36D 26 36, 5ft 5", I really will have to take a tape measure next time. She has a lovely friendly personality. We chatted about loads of different subjects.

The Story:

This is my 4th time with Simone. Normally over the years I've tried to go with a different lady every time, I love variety, always have. However I booked Simone this & the time before because she makes me feel so good, she is the only lady that I've ever pre-booked.

I booked earlier in the day, because I was really in the mood to see Simone & knew that my job would take me into the area. However, by the time I got there I just wasn't up for it, the stress of the job, bad traffic, all that rubbish I suppose. However, Simones smile, a cup of coffee, a shower (Simone likes her men clean & rightly so), and a massage had improved my mood considerably.

I was ready to massage Simone, stroke her soft breasts (not enhanced I'm happy to say) suck gently on her large nipples. Time then to deal with the rubber dick cover. I've never, or I should I say that my cock has never been a lover of the lubricant covered elastic band. I'm glad to say that Simone won't do oral or sex without. In the past with other girls my cock has let me down when confronted with wearing a raincoat. Thats not the case with Simone, she looks blissfully happy when sucking my cock and somehow she manages to make me harder than I thought possible.

After 5 minutes of her sucking me, its time to return the favour. Simone was very complimentary about the performance of my tongue on her gorgeously tasty pussy.

By this time my cock was bursting out of the condom (if only it was that big !!) so I had to get inside her. We moved through her on top, taking her from behind and finally mish. Simone looks and sounds as though she enjoys every minute which is so important. There's nothing worse than a girl that has a bored, get it over with quickly, look on her face.

I wasn't rushed, and experienced a head exploding, body jerking climax. The thing I love about Simone is that unlike some girls she doesn't just leap up like a scalded cat mid way through your cum to grab a handful of tissues, she allows the moment to be enjoyed, after all its why I'm there. I can't wait to go back, how quickly that will be depends on this weeks lotto result.
