The Premises:

very small flat, bit dingy and the bedroom had more underwear than M & S hanging around

The Lady:

other reports suggest this lady is in her forties, judging by her conversation and looks I would say late forties probably over fifty
, nice pair of tits, pieced with at least three rings, but definitely shows her true age from the waist down.

The Story:

plent of chatter, nice massage then she asks what you like and proceeded to give me one of the best bbbj I've had from a WG. , cim and she staggers off to the toilet to spit it out and mouth wash. Talked, played around, then went for round two and another great bbbj, swallowed this time, lovely, excellent value for money if you like the more mature lady
