The Lady:

28 years old, and very attractive in a "girl next door" sort of way. A friendly-looking face, and an easy-going manner. Judging "by eye", I guess that she is around 5'6" tall, size 10, 34A (or possibly B)-24-34. Mid-brown hair, not quite reaching her shoulders. Fully shaven in the pubic area. This is the only downside as far as I'm concerned - I really do prefer unshaven or lightly trimmed. But I can't have it all my own way, and everything else about Abby is so good that I shall forgive her on this point.

The Story:

I liked Abby - she is a really nice girl. Apart from being sexy, she is friendly, gentle, accommodating, and a good conversationalist. These are all properties in a working girl that I value highly. She described herself to me as a "sexaholic", but I disagree. The few female sexaholics that I have actually met have all been (to me) rather intimidating; a good idea in theory, but in practice rather off-putting. So I do not class the friendly and charming Abby as a sexaholic - she is just a girl with a healthy appetite for sex, who really does seem to enjoy giving a man a lot of pleasure. At least, that was my experience of her. She is not intimidating at all, and I would recommend her for the nervous or first-time punter.

People who have read my few previous reports will know that I am a Gentleman of the Old School, interested only in a good chat, a high quality massage, a cuddle, and finishing up with what Gentlemen of the Old School have always wanted, in missionary position. Within these constraints, which were imposed by me not her, Abby was a touch of class. The cuddle was particularly enjoyable for the feel of the soft warm skin of her breasts pressed lightly against my own chest. She soon started kissing me full on the lips, giving me the impression that she really meant it. A better description of our "sex in missionary position" would be "making love". She made a 61 year-old feel thirty years younger. I don't think that I managed to give her an orgasm though, because I came unexpectedly quickly. But I shall return to try to put that small matter right, as soon as I can manage.
