The Premises:

Ok house in a residential terraced street close to the town centre. Area is safe and parking facilities close by.

The Lady:

Jas is a buxom British indian girl. I would say she's in her late 20's if not early 30's and though her boobs are big, she is big all over. A Friendly and chatty personality. I opted for the ?125 i hour service which includes oral and sex.

She isn't the most attractive girl i've seen but her personality made up for it.

The Story:

Jas started of with oral, which she is good at. She then asked which position i'd like. Tried doggy but i found it difficult to enter her. She is a big girl and is tight. Her thighs and arse are also big. When i did manage to enter her, it was quite difficult to maintain a rythm and i slipped out. Then she got on top but even here, it was the same problem and i lost my hard on. Asked her to suck me off instead. She does do bbj but i opted for a covered one for health and safety reasons.

After a good session of oral, i came.

Jas did a good job, but i didn't find her very attractive and think i should've just left rather than going ahead with the punt for the sake of it.

Some women can take the whole length of my dick in their pussy, but others are quite small or tense their muscles, not allowing full penetration. In the case of Jas, it was difficult to tell which of the two it was. It may be that she is quite small despite being a big girl.

As i mentioned she does have a friendly personality and didn't rush me. We had a chat after i had finished, and dont think a second round was on offer. I wouldn't really have been up for it, even if it had been.

Personally, i wouldn't return but for those who prefer larger ladies you may wish to try her out.

For those who are after a fitter and more stunning looking indian girl, you may want to go elsewhere.

Service Provider's Rebuttal

Jas writes, "I have checked and double checked my diary for May, June and July and have no record of seeing anyone at 20.00hrs on a Friday night. As I cannot recognise this author of this report I can't rebut it. (I do have a good memory)"
