The Premises:

Quite discreet entrance off a main road very clean and tidy and the maid was very nice

The Lady:

Kelly is about 5'7" tall with a nice thin but curvy figure, small but nice soft breasts, about mid thirties but a body an 18 year old would be proud of

The Story:

Opted for the all in service which was a bit of everything, kissing foreplay oral sex, reverse oral and sex with the added bonus of Kelly saying that I could cum on her tits to finish off - so we started with a light fingertip massage with Kelly going for my balls every so often, asked me to turn over after about 15 minutes and started to pay attention to my dick while lying beside me, I kissed and fingered her, sucked her tits then went down on her tasty soft pussy - I licked and sucked for England, Kelly came with a judder and I carried on - she came again this time quite heavily as I felt her hot juices gushing over my tongue - she had to stop me as she was shaking like mad - then onto oral - very good technique - she then mounted me and this time it was her turn for England !! - she fucked my brains out, at one point we were bouncing that high I almost passed out through lack of air - We then changed to doggy style and I parted her arse cheeks and pumped away at her wet warm pussy till I could pump no longer and the old chap shot its load inside Kelly (covered of course) - I wanted her to wank me off over her tits but the sight of that arse and my dick going in and out of her pussy was all too much - excellent punt punt with a really nice girl - will be back to sample other girls but I think Kelly will become a regular of mine
