The Story:

After a nightmare tube journey (trains being cancelled all over the place I finally managed to get there 30 minutes late. I then phoned the agency for the flat number which was given without any problems. I rang the entry buzzer and was let in the block and then through the door and was met by a vision of sex on legs, I made my apologies for being late which was accepted although the reply given of "Yes very late" should have raised some doubts with me but I thought I would be pretty annoyed with someone for being 30 minutes late.

I started to write a novel about this I could have gone on for ages about how bad this was but cut it down so people would read it

She hates kissing looks away as much as possible to avoid it (Agency says she french kisses)

Gives OWO badly for about 30 secs then tries to put the welly on

In fact she was so bad and so morose I left after 60 minutes of a 90 minute appointment

Please listen to me when I say avoid this one at all cost she is a complete rip off and is useless at giving any sort of customer service
