As described before. Much better following the upgrade but I wish they'd get rid of the timers in the showers!

Quite petite and curvy, nice figure, medium length brown hair. Finnish girl, but speaks excellent English.

The Story:

Christina was 'on my list' based on a recent FR. She has quite a clinical manner in the room, which for me was a little off-putting. She likes to go through the routine step-by-step, which doesn't allow for any spontaneity or sense of personal connection. Don't get me wrong, her actual performance is far from routine, but this is my sense of the session overall.

After the massage she started on the soon-to-be-legendary oral. Her technique is amazing, unlike anything I've experienced before. I imagine she has many regular customers just for this service. It's hard to describe but there's a particular tongue action that's a rapid flicking, vibrating movement that's awesome.

Having enjoyed this to the point where I could have very easily let her finish me off, I managed to pull myself away to experience the rest of her body. She's curvy in all the right places and I wanted to enjoy those tits and that arse to the full. Mish, cowgirl and finally me standing taking her from behind did the trick.

All in all, extremely enjoyable. I won't rush back, but worth seeing for her oral magic.
