The Premises:

Located in an easy-to-find flat near the station. Easy on-street parking nearby. The stairwell is the usual standard, but inside the flat the room is clean and quite big. There's a rack of uniforms and large mirrored wardrobes, although the mirror directly over the bed is too high to be of use.

The Lady:

I saw Kelli-Ann on Jordan's website and as someone who like a good-looking older woman I wasn't disappointed when I met her in the flesh. She is blond, petite and really pretty. Her figure is a fantastic boobs'n'bum type, and she has an all over tan which really makes her legs look great. In short, I was well-chuffed. She wore a denim-mini, blouse and plain black stilettos - my favourite. Underneath she had on a tiny floral thong and bra set.

The Story:

We started with the obligatory back-rub, but quickly turned over to start matters and the bra came off. It was OWO first - no suggestion of a condom - and Kelli-Ann's fabulous tongue treatment had me struggling to contain myself from the off. As a stalling tactic, I asked for a toy-show so the thong was cast aside and she very willingly obliged, although frankly it doesn't do much for me. I knelt over her, watching, and after a few minutes she went down on me again. After a while she suggested we get a condom and asked what position I'd prefer, but unfortunately I was really unimaginative and plumped for doggy and off we went. It was all over not long after that !

All in all, if you like pretty, mature with a good figure then spoil yourself. I'll certainly go back to Kelli-Ann again.
