The Premises:

Directors Lodge is convient to the M1 J28 and has on street parking in a residential area that seems to be very safe.

The place was clean and well kept.

The Lady:

Lucy is a very curvy girl about 5' 6" tall and 34D-24-36 figure and a petite but round face set off by glasses.

The Story:

Called in one evening on the way home and only Lucy was free. Not given the opportunity of waiting for another girl but shown directly to a room on the ground floor. The bed was dressed with various cushions and drapes that had to be removed before it could be used.

Having been offered and taken a shower Lucy came in and introduced herself. Having got the money side out of the way she gave me an stroking type of massage for a few minutes before I was asked to turn over.

It was then on with the condom for a covered blow job which was quite good. Although nothing was said her positioning was such that very little touching was possible and I felt it was not wanted.

For the main course I was told that only doggy was really available and as we coupled in this position there were some funny smells apparent.

Clearing up afterwards there was the routine of re-dressing the bed with the cushions and drapes that had been removed at the beginning.

All in all not the best of punts.
