The Story:

Up to town for the first punt of the new year so after a couple of hours of browsing the various agencies thought I w2ould give Carrie a go. First the lady, Sue, at the agency was very helpful and friendly. She asked if I had any requests clothing wise and I said no although on looking at the pictures on the site again I should have asked for the school uniform!!

Arrived on time and no problems finding it. Greeted with a kiss and a glass of juice and a quick enquiry as to how I was. Handed over a bottle of wine (she prefers red!) and the fee and started getting ready while she called the agency. At this point I started having a couple of doubts since I was not offered a shower (I did not in fairness ask for one) and after a few quick kisses the undressing was remarkably quick and dragged off to the bed (with sheets even, not on top of the duvet or towel or whatever actually a nicely nade bed). On the bed the OWO was quite shallow but pleasant, the feeling of her teasing the head with lips and tongue was very arousing. Then it was on with the jacket and cowboy and then missionary. After I finished she cleaned me up and then shot off for a shower, coming back with a t shirt on. This was about 15 minutes after arriving and I was seriously thinking I had just kissed goodbye to the quickest 200 quid ever.

Carrie then went through to the kitchen came back with two glasses of wine and sat on my lap. After a couple of minutes of chat she put the glasses down and hauled me back to the bed for round 2 then 3 and then 4! At the end she had another shower and then came back with "You dress now!" while I still lay on the bed trying to work out which bits of me were still working.

So after an unpromising start I had a fantastic time. She is bright, attractive and with good english so you can actually have a conversation. She likes to try several positions and is concerned with your happiness. No fake moans or odd cries just the occasional whimper as she gets close. She is

also quite happy to lie there cuddling or stroking you between rounds and is responsive to your ministrations. With her seeming insatiable nature (the first time I have had 90 minutes of action before and certainly the first time I have managed to perform 4 times) she is probably a dream date, I wonder if she can cook? The only two slight negatives were not being offered a shower and I was slightly taken back at the speed of things at the beginning. For those of you who seek such pleasure I did not ask about CIM or A levels but I suspect not.

Bear in mind I am recommending her only to those of you who are reasonably fit, I don't want any irate widows trying to sue me!!
