The Lady:

26yrs old , 34C size 10, Short blonde hair, tanned. dressed red basque type top, fishnet stockings and thigh high boots, mini leather skirt.

The Story:

I class KIM as my regular girl and currently only see KIM. (So that speaks for it's self.)

I fancied a changed today so I still went for the FPS (LOL - But with a twist).

So we began with the usual light message, followed by the even betters BJ.

But this time instead of lying on the bed I asked Kim to ride me on the edge of the bed. I wanted to confirm that the grinding motion when she is on top is due to high heels, the bed and not due to her technique and I am glad to say I was right.

Her technique was spot on with here back to me and on the edge of the bed she pounded my cock it was bliss. I then got her to lean over the bed whilst I pounded her pussy from behind (didn't too take long, hearing her moan and seeing that arse quiver was enough for me to come.

MY rating: As before fantastic lady, great fuck, just need to persuade her to let me fuck her up the arse. Kim if you are reading this I am not to big honest !!
