The Premises:

Her place is well hidden from prying eyes, Along a back street in morecambe. There is plenty of car parks close by.

She has had it Totally redecorated through out.
It was Very kleen and I felt safe and relaxed.

The Lady:

She calls her self a Mature Lady in her late 40's approx 5ft 6inch tall, With Lovely Big Boobs.

She said she had been unwell for a couple of weeks but she is now ok

The Story:

Well where do I start 1st a long slow but firm blow job stopping me short of popping my cork, On with the rubber helmet and she slowly mounted me and rode me slowly and graually built up speed untill we both could'nt hold back any longer.

She climbed of through away the rubber and started to lick and suck cocky untill she got me hard again, On with another rubber then she rolled on to her back as I fcked her Slowly (she asked me to go slow).

We swapped positions several times,Mish, Dogy, Anal, and finally 69 untill we collapsed in a heap.

She said we still had some time left and that she would like to FCK my Arse, I agreed as she has done me before, It is Not painfull when done properly and boy she does no how to FCK a guys arse, when she finished I had another hard on so she gave me another Blow..

She may be Mature but she knows how to please her Man.

Cheers Marnie I Will return xx
