### The Premises:

"Incall flat", which seems to be used by all the girls at the agency; obviously let just for the purpose; tastefully decorated, drinks cabinet, etc. What you would expect at this price level. Entrance right on Gloucester Rd, so quite exposed going in, and also a bit of street noise in the flat.

### The Lady:

Korean-American girl, I would estimate 25-27 years old. American born and bred, so the oriental part is just in her appearance --- her manner, accent, and attitude are all completely American. Physically: tall, slender, small firm breasts, tatoo on her right ankle. Classically beautiful Korean face (slightly severe).

### The Story:

I was expecting a real (i.e. culturally) oriental woman, so the fact that she was actually American threw me a bit. She dresses well, has been to university, studies art; you can have any sort of conversation with her. Not that I hold any of those things against her --- quite the opposite --- it's just that I could have been talking with my sister; and that was the problem: I just couldn't work up any passion for her, as friendly and as attractive as she was.

We split a bottle of very decent champagne (which I had brought) and chatted for a couple of hours. Then I went home. She seemed a bit sorry it didn't work out, which was nice of her since it was no fault of hers. Earlier, anticipating the likely outcome, I had asked her if she'd ever had a customer who paid her and then not attempted to have sex with her -- 'never', she said. Well, there's a first time for everything...
