The Premises:

A well looked after flat in Central london W1. The interior was nicely arranged and tidy. Its located in a quiet residential area, which i thought was great for those like myself who want a sense of privacy.

The Lady:

Emma is a very attractive young girl. When she opened the door, she was dressed in a short skirt and tight top. Her petite and well endowed figure was the focus of my attention. My favourite asset of hers are her breasts - nicely round and firm.

The Story:

Emma is a very friendly and sweet girl. She has a school girl look towards her which is a big turn on. When i rang the door bell, i wasn't kept waiting and she greeted me with a great kiss on the lips. We had a few drinks and she then proceeded French kiss which led to her gently undressing me and getting on her knees to give me a very enjoyable BJ.

We then had full sex which i thoroughly enjoyed, she began by mounting me and into a cow girl position, her pussy was tight which is a rare thing these days. She is very passionate, and along with her sweet moans, made me even more aroused. We then changed onto Doggy and i got to see her great ass up close and personal, in only a few minutes into it i began to cum and asked her to finish me off with a HJ with her soft hands to finish with a cum facial, which she took whole on her face and made sure i didnt get any on myself.

After we finished, i washed up and shared one more passionate kiss on the lips before departing. This girl is extremely erotic and made me feel comfortable from the moment i went in her place. a top escort
