The Premises:

Described many times before a cosy bolthole to relax and enjoy the company of accretive young ladies.

The Lady:

Young Zoe whom I have spoken to on a number of occasions and always admired her beauty but had never overcome the feeling of guilt being attracted to one so young.

She is such a beautiful girl long shapely legs a smile that would make a monk rethink his vocation. I believe just 19 have always thought she looks like the blonde from Abba probably the long main of blonde hair.

The Story:

In the room started with me massaging her, skin like velvet.

A pleasant surprise when the G-string with a wee rose at the back came off neatly trimmed oh so much more natural than the popular shaved.

Nearly to long spent in 69-tasted very nice bjwo.

On to a variety of positions an enthusiastic young lady indeed.

An excellent time should have tried a long time ago with this beautiful youg lady.

Kisses intimately small in the bust department but nice responsive nipples.

A real treat to hold such a magnificent beauty and what a site looking at her lovely mouth wrapped round well you know.
