The Story:

In their website 90minutes have some other very good looking brazilians too, but being hesitant to visit someone without FR, i picked sandra who has had a positive review. Very beatiful lady with stunning body.I had a very nice sexual time with her. I visited her twice had 4 rounds total. She was very enthusiastic during the action. Especially when she was riding me she put a lot of effort, her beautiful eyes at me, her hair all over my face, it was simply irresistable. To make things worse she uses her inner muscles very aggresively and i could not defend well and 3 of the 4 rounds last shorter then my average. It is fair to say that she is one of the sexiest girls i ever met. I don't know if she does owo, or cim i did not ask for those. Some kissing was available but nothing deep.

Downsides: Although she was very attentive during the action, during the in between periods she looked very distant. I several times cought her eyes fixed at a point(not at me), it looked like a lot of things were going on in her mind. Her english is not that good adding to this. So not too much friendly warm chat was available to me. Also in my first visit when i had a comfortably 15 minutes left she put on her clothes and sit at the bed. It was a clear invitation for me to leave. But this did not happen in the second time.
