The Story:

this report is really a public thank you to shannon based on seven visits in total.i first met shannon at cherry's about 2 years ago .she went under the name of holly,but as they say a rose by any other name would still smell as sweet. i've always found shannon to be a joy to spend time with ,it's more like going to see your best mate then going to see some stranger. shannon doesn't specialise too any great degree but shannon herself is special,so that's all you need!

i'm always shocked at the lack of reports on this woman. i'm placing this hoping that shannon will get a few more gentleman callers and the public recognition she deserves.
