The photos on the website are accurate.

- Madison, bubbly blonde with high heels and a "must-have-fun" personality
 - Julia Jay, busty northern lass. Very down to earth and warm as only northern girls can be.
 - Indi, busty lady of English / Caribbean mix. Didn't stop smiling all evening. Kisses like a dyson!
- All the girls were "up" for a party and determined to make sure that everyone had fun.

The Story:

As a party newbie, I approached booking (a party) with alot of apprehension. How would I react punting infront of other guys? Could I manage to perform with three different girls, in one evening, with others looking on? Would all the other guys be hung like a donkey and have the sexual stamina of an olympic athelete? These questions and nerves have stopped me going to any party. During a recent punt with Coral (of Wantage), she suggested I try "Select Soiree" parties as a safe way of trying the party scene with 3 ladies and (upto) 6 guys. With hindsight, I wish I had done it months ago!

The first thing that impressed me about the party was the organisation. The process for booking and confirming attendance at the party is a slick one - even an idiot like me can follow. Indi, confirmed the party details via email the day before.

On arrival at Lancaster Gate tube, I phoned Madi and she gave me directions to the flat. As a party newbie my nightmare scenario is long and complicated directions leading to more nerves and a risk of missing the flat. No problem there either. The location of the private flat is excellant and VERY easy to get to from the the tube station.

Once I arrived at the flat, I discovered that the 3 ladies would be entertaining 3 punters only. So no massive roman orgy then! The evening turned into a series of one-to-one's with each of the 3 ladies. The other guys were normal, straight chaps - no w*ankers - and the banter between sessions was good fun as well. Thanks guys. More than enough food and drink was laid on, but to be honest my appetites were elsewhere ;) !

I won't turn this field report into a massive tome nor will I give a blow by blow account for you prurient voyeurs to w*nk over. The exact details of that happened I shall leave between the ladies and myself ! Suffice to say days later I still can't stop myself smiling ;). It has been a long time since I have had so much fun !!

Some of the highlights of the evening for me were:-

- having a jacuzzi with Indi first off. She was excellant at breaking me in and putting me at ease. I do not know her bust size but her pendulous boobs looked enormous on her frame. Retired to a bedroom for a good seeing to! Indi gave fantastic oral and obviously enjoys lots of kissing.
- round 2 with Julia was short, sharp and sweet. Julia is a warm lass and obviously very accomplished at what she does. She is an excellent foil to Indi and Madison.
- being led away (by the hand) by Madison for round 3. The sight of her pert bottom bouncing down the corridor was fantastic - nearly as good as the sex which seem to rotate from position to position to position. The things people do to get 3 rounds in before closing time !

Any bad points or learnings? Well very few (bad points). I learnt that watching other people having sex is not inhibiting, but a massive turn on. As is the sight of a two ladies on one guy. Madi giving Indi oral, whilst she serviced a party newbie was also very horny. Oh well perhaps next time I shall summon up the courage and ask for that!

So, what about the party scene? I think I was lucky with the "select soiree" party. Each of the girls is a skilled "courtesan" in her own right with bucketsfull of charm and character. Together, they were different, warm and a big laugh! It was a good select soiree party. If like me, the thought of a 40 guy party bash is fairly scary and intimidating, then a select soiree party could be more fun (and less threatening) alternative. Each to their own I suppose.

I am already saving my pennies for next time.

Enough of these ramblings. Carpe diem !
