The Lady:

A very sexy lady. A total ball of energy, could hardly keep up with her in the room and from what she was telling me about her weekend i know i couldnt keep up with her outside it!!!! She is also very vocal!

The Story:

WOW not only is she really energetic but this girl really uses her tongue, her oral was something else!!!! Worth a visit for that alone but going down on her was also a delight, even more so when we were both laying on our sides in a 69. We then switched to doggie where she again she through her self into it (think she did more work than me lol) and she actually sounded disappointed when i came..but with what she was doing to me it was a miracle i lasted as long as i did!!!

A great great lady and definitely an experience every guy should have just make sure you have your weetabix before you visit..youll need your strength to keep pace!
