The Story:

It was the first time that I had been to see Cat and after reading the extensive array of positive field reports I thought she would be the lady for me.

I am not very experienced at punting but I have to say that Cat is a lady that could put the most nervous of punters at ease, her flat is stunning and easily located just outside York city centre.

After a brief and friendly phone call final directions were given, as I say the flat is stunning and I was put to ease straight away, I was able to shower and freshen up, it was a boiling hot day and I wanted to make sure that I was as fresh as a daisy for the up and coming festivities, after a relax and a chit chat where we put the world to rights we adjourned to the bedroom for the main event.

Cat is a darling and although I am tempted to go into all the details, I will refrain and say WOW the other FR are correct, cat is a lady and a little minx at the same time and her personnel attention is the best i could imagine. I found the two hours to be just the right amount of time to relax and enjoy what turned out to be a very memorable afternoon in June with a wonderful lady who treats you like a Prince.
