### The Story:

I have been "punting" now in Bristol each Friday for some months now as I am always there on business that day. I must have tried about 20 or so girls and had begun to think that because of the dross experienced todate, I should wait until I got nearer home before indulging. Thank God I decided to give it one last go and checked out this lovely thing.

Roxanne is natural, gorgeous and very accomodating. She is fastidiously clean with the most lickable nether regions and a genuine will to please. From the moment I arrived, she made me relaxed and at ease with her bubbly personality, wicked sense of humour and obliging technique.

Whether you're into seeing a lovely face bob up and down upon your knob, licking the most adorable fanny or thrusting into the tightest slit from a variety of angles - this is the one!

Trouble is, I am now going to have to find more reasons to visit Bristol!
