The Premises:

My place, bog standard apartment.

The Lady:

Pretty girl next door type, 5'7" short blonde hair. First impressions were of an Amanda Holden lookalike, but then that's my impression. Overall very pleased that I had booked her.

The Story:

Sapphire is an amazingly good laugh. I had booked her as a last minute spur of the moment thing - thank god for spontaneity! We laughed and giggled over a bottle of Veuve and she has the sexiest voice and laugh. She is very down to earth and doesn't bullshit you, which is a fresh change.

Eventually we got down to business and she can certainly kiss for England! Full on tonguing and exchange of bodily fluids on the menu. She ripped my trousers off and asked if I liked to watch my balls being licked. OWO was excellent with valiant attempts at deep throating. I have a suspicion that CIM was available but I wanted to savour being inside her so I asked for a condom.

She has a delightful physique, very natural. I bent her over the couch and pumped until I couldn't hold back. Got our breaths back and finished our bottle over a few smokes.

I should have booked her for the whole night. The next time I see her, I will.
