The Premises:

Entry through private gates into Mews style courtyard. Knock the door and Jase (he deals with the dollars) welcomes you in. Brief explanation of the scheme of things then directed to changing room. Upstairs into a very smart apartment. Plasma TV, DVD's, Sky TV playing. Opposite car park in a quieter part of Bournemouth.

The Lady:

What can I say? Four ladies present, Sable, the host who never seemed to stop. Georgia, a delightful coloured girl. Jo, a very accommodating blonde and Monet, from the same mold as Jo and wonderfully sexy. A few reports of Sable available on this site but none for her justice - she's just sex on legs (or her back/on all fours/etc). Never more than 10 blokes there and a few left before the hour.

The Story:

Arrived and was ushered in. As this was my first visit to one of Sables' parties the price was ?350 but all subsequent events cost ?270. Got changed and donned the requisite robe. Thought I could hear the moans and groans of a movie being played but when I got upstairs realised it was actually the four girls pleasuring each other. The thing at parties is to get involved quickly so I offered Jo my stiffening cock which she greedily chewed on. After a while I went to town on her fanny then we shagged. Next up was Georgia and another loss of my custard. All the while the other girls were either sucking, fucking or getting licked by one, two or more of the other guys or any of the girls. The flat was blisteringly hot and this worked well as whilst one bloke took a breather another took his place. Next up for me was Sable who I had complained that no-one had taken her up the arse yet. Too much for me, so I was soon in her bum up to my balls. She seemed to really get off on this and loved it when I started pulling her hair too - dirty bitch!! Finally I took Monet into a much cooler bedroom upstairs for some very noisy sex.

I've been to some parties before but this was more an orgy than a party. Roll on the next one.
