The Premises:

Please excuse my previous report date/day mix up!

Again as described before, backs onto a little carparking area, quite private to enter.

The Lady:

Jade, is a larger lady, nice face, small breasts, shaved pussy. Brummy accent.

The Story:

I had taken a quarter of a kamagra, it seemed to work ok, was shown to the room up-stairs nearest the bathroom. Waited in the bedroom, for about ten minutes, all the time with a hard on!

I had left the door open deliberately, Jade arrived and looked in and said, she'd be in shortly to suck it! A few minutes later, in she came, did a nice amssage, licked me all over, rimmed me endlessly.

Turned over and she did superb owo, very enjoyable. Finished off by shooting in her mouth and then doing as my name states!!
