The Premises:

Its been a while since I last visited Aquarius (for no particular reason). The room was clean and warm with an en-suite shower which is always welcome even if, as in this case, with rather limited water pressure.

The Lady:

Roberta's description was the main reason that I called by. She is much of what is promised: pretty, young, slim with long hair. I would estimate that she is a bit smaller than the given vital stats so not one for punters into big girls, but fine by me.

The Story:

Roberta is a friendly girl and I enjoyed my visit with her. I often find that a girl running her fingers over my balls whilst massaging my back is a good sign for what is to follow and this was no exception. Her bj was slow and tender - the way I like it for a 1/2hr visit. She asked me to get on top to fuck her (perhaps a bit tired at the end of the day?) but probably this would have been my choice anyway. She has a tight little twat and after the excitement of the foreplay I didn't last long before she squeezed me into coming.

Roberta says that she has only been here for a few months but she is easy to chat with.
