The Lady:

Tall and a nice all over bronze. Dark hair with a nicely shaven pussy.

About 24 with a 34b bust and a perfectly proportioned figure with well rounded butt. Chatty and friendly to put you at ease then really good at the job.

The Story:

When she entered the room she wore a blue baby doll nightie type out fit that was quickly removed after the necessary brief massage to reveal a superb set of tits with both nipples pierced and a very responsive set of nipples. This wasn't the last surprise though as we exchanged mutual oral I discovered her clitoris was pierced as was her tongue. This appeared to make her more responsive and it certainly helped me along. She moved and turned positioning herself in every position I wanted to try until I just had to fill that mouth of hers as she finally. (OWO to completion was an extra 20)

Restored my faith in descriptions given over the phone and as always up to the high standard of girls I have seen before at this parlour
