The Premises:

Nice flat at the top of an apartment block near Gloucester Road tube station, both building and area felt safe. Climbed lots of stairs (there is a lift), double bed in decent sized clean tidy room with en-suite shower. Overall quite a smart location. Did hear someone else moving around in the flat but not a problem.

The Lady:

Very cute, slim sexy Polish girl. Slimmer but every bit as good looking as the website photos. Pierced tummy button, shaven below with a landing strip. Brown hair with blond streaks.

The Story:

Scarlet greeted me at the door wearing a short skirt, stockings and zippered top, it being a very hot day I took up the offer of a shower, leaving me back in my boxer shorts ready to kiss and undress her. I loved her deep kissing, sucking my tongue hard into her mouth and really enjoyed the feeling of her nails brushing my skin. She seemed attentive, caring and enthusiastic - she certainly didn't leave me to do all the work and we carried on for a long time across two sessions, then another quick shower before leaving this very sweet girl.

Added January 2008, Gisele on the 90 Minute website is the same woman/photos as Scarlet from 2004. May not have been 23 in 2004, certainly won't be now but I still remember that she taught me a trick or two in kissing that I still use today. A memorable punt.
