The Lady:

Mel is great in a wholesome sort of way. SHE has the most beautiful blue green eyes, blonde hair and enigmatic smile. SHE is a perfect round size 12 - with great boobs and a nice soft bottom. Huge nipples and a flat tummy.

If you are looking for the perfect 18 year old model - she isn't for you. However if you are looking for a real passionate woman (the kind of girl next door look) she is a must!

The Story:

I was Melanie's first client - and she was incredibly nervous. I called her and nearly decided not to bother since she sounded clue-less on the phone. Boy am I glad I decided to ignore my misgivings.

She came in and snogged me for a good 5 minutes - probably to steady her nerves. Once we got the money out of the way we got down to 2 hours of great fun. She started off a little passive - but got better as the session progressed.

I won't go into all the details - suffice it to say she is great - passionate and appears to really enjoy herself.

Would I visit again?? - I already have!!
