The Story:

This is my first report and I don't want it to sound like an advert put up by Sam, but if it does well I'm sorry. I have seen quite a few working girls over the past few years and never felt the desire to put up a report. Some of them have been very well known and to be honest not deserved a free ad from me.

However Sam is different, I've read the reports that say "I didn't want to put this as I want to keep XXXXXX to myself" ... and thought what crap, but this is true of Sam.

This report is for my second visit to Sam (the first was just as good).

Some details : Sam can hold a conversation about anything (even Wayne Rooney sorry Sam he will go). The sex is everything I wanted it to be and some more. I do not know what services Sam provides, there is no list on the web site and I have not asked but I have not been dissapointed so far. She does give a GFE with lots of kissing and cuddling and sex is covered.
