The Lady:

Picked Sophie after a long deliberation in the lounge. Choice was good - 6 or 7 girls, but trying to get any of them to make eye contact was impossible. Must look like a nightmare to them... There's always some undercurrent of bitching and office politics which makes you feel you're a bit of an outsider. I've only been about 50 times....christ knows what newbies think...

The Story:

Hesitated on picking Sophie cos she was Aussie and my experience of that nationality in this sauna has been sh*t. Anyway, she's a looker...very nice face - like Ulrika Johnsen/G Paltrow/Johansen. Her body is to die for...perfect buns/legs and nice 34 b/c chest. All firm and perky....

On to the action. She has a disarming technique of issuing the merest whimpers, moans and squeaks that quite honestly send blood into my loins like a biblical flood. The end result of that was the sight of good ol Sophie chowing down on me knob as if it was a prawn kebab. Wonderful...when I mentioned that I might be about to cum, she gave me a whimper and swallowed the lot.

On to a long, sensual massage..then a bit more whimpering, kissing and a second coming by the notoriously flaccid gravyman. If she can breathe life into my unleaded 2HH, think what she can do for yours...
