The Premises:

Nice, clean flat in apartment block near to High St Kensington tube station. The hallway of the building is being repaired/rdecorated but don't let this put you off!

The Lady:

Christine is a slim, attractive Polish girl and is accurately portrayed on the Love Roses website.

The Story:

I liked Christine a lot - she's my kind of girl with her petite figure, friendly, attractive face and personality. She says that she has lived in London a few years and she is easy to chat to although with a quiet nature. I can relate well to the experiences reported in her couple of previous FRs this year. After a quick shower and getting the money business out of the way we got down to action on her bed. Several rounds of very nice bbbj were interspersed with me kissing her lovely body and tits. Then on with the condom and Christine rode me, first cowgirl then squatting over me. When she started to tire a bit we turned over and finished in mish position with her legs wrapping around mine. Afterwards we had a nice chat and, conscious that I had a train to catch, I didn't ask about a second round.

Christine is not about (simulated) wall-to-wall raunchy sex but I had a very good time with her, left with a smile on my face and plan to see her again as soon as the opportunity arises.
