The Story:

Having seen Patrice on many previous occasions and during those visits, we have always without fail had an amazing time along with building a level of trust and intermacy between us, that some of the things we get up into in the room I cannot go into detail as I feel this would betray that trust.

Patrice entered the room wearing a short red skirt and white top, greeting each other like the friends we have become, before falling on the bed and while laying in each others arms shared intermate thoughts as we slowly and gently caressed each other. We soon felt we were no longer at Babes but had moved to a romantic hideaway and as time progressed we slowly removed each others clothes till Patrice was naked except for a sexy pair of white panties, which as I told her I found amazingly sexy with that she stood up over me on the bed and very slowly and seductively pulled them down and off to compleate this incredibly sexy few minuites.

Now both naked on the bed we indulged in more passionate kissing as Patrice slowly worked her way around my body, gently rubbing her breasts over me while allowing her hands to wander between my legs. Eventually she worked my way down to my cock and slowly at first licking the end before taking the whole length into her mouth and to me her oral technique is nothing short of amazing. Patrice said it was my turn to give her some attention and after giving her back a gentle massage I turned her over to massage her front starting around her breasts and slowly working my way down between her legs and started to lick her lovely pussy and taste her sweet juices along with the gentle massaging of the inside of her legs in order to prolong the moment and increase the intensity of her orgasam, when she eventually came it was totally genuine as is everything we do together in the room, she laid back on the bed for a few moments before giving me a big smile and thanks for giving her such a pleasurable experience.

It was my turn to lie down again while she continued to work on my cock and it was not long till I came into her mouth and again I feel that because of the relationship we have built up, the intensity of the sex we have is all the better. Still having a few moments to spare we kissed and cuddled till the inevitable knock on the door brought us both back to Babes.

So as I write this report a song is being played on the radio by Rod Stewart called Tonight the night and one line I think sums up our relationship in the room, You my lover, my best friend, till I get old which I hope is a long time and Patrice and I can have many more amazing times together till I see you again lots of love as always Peter xxxxx
