The Premises:

Amassadour is a large place - reported on before- which I have always found rather hit or miss. Mostly miss. perfectly safe with a front entrance on to Lothian Road and a rear, discreet one, too. I had went tonite because I think its the only place in edinburgh that is open after 10

The Lady:

Largish Indian woman who, contrary to a previous FR must be at least 30. She hid her fat well under the sarong type dress she wore in the lounge. She has obviously worked for ages and has the attitude that goes with that territory - very sure of herself and treats you like it was your first time. (oh I wish...)

The Story:

Despite the fact that I told her that i had been there before. She insisted on going through a menu and said that 60 included oral and sex. Her attempt at a back massage was poor and despite the fact I had paid 20 on entry it was obviously going to be a rush job... so much so that after my turning over she tried to shove a skin on me before i was anywhere near hard. I just got up and left while she ranted at me saying that I had a bad attitude. - she had not even touched by balls or cock during the "massage"So, unless you are a complete novice, stay clear. For me it was a complete and utter waste of time (and money)
