Ground floor flat in end of terrace block. Quite safe. Small room. A bit untidy but not as bad as described before.

The Lady:

Blonde, quite attractive but somewhat overweight. Quite a pleasant lady I found.

The Story:

I was a bit apprehensive because of a previous FR I read. But I was in the area and I wanted to try a real oral specialist. She certainly is that. She did it sitting on the side of the bed with me standing. All I had to do was undo my trousers, and Cathy then immediately began to fondle me and I could feel my penis swelling in her hand. She was talking and told me to concentrate completely on my cock and how it feels. Then she took it in her mouth. What she does certainly works really well. It's very erotic and within a minute I was rock hard, and in another minute I was on the brink. She could tell and took me straight over the edge and swallowed it down. I was shaking so much I could hardly stand. We chatted a bit more and then I left. Hardly believing how good it was. For value it is nigh on unbeatable.

She said she has a lot of regulars and I can believe that too.
