### The Premises:

Entrance via back alley. Very much a student bed-sit set-up. Pretty grotty to be honest. I wouldn't want to stay there for very long.

### The Lady:

I would say that Nadia is later 20s, approx. 5'5", very slim (is it PC to say skinny nowadays?) Some strange looking red-blotch markings on her legs and buttock. She was wearing a red basque and she kept it on. I didn't ask her to take it off and didn't want her to as she was slim enough with it on.

### The Story:

Very pleasant girl. I phoned an hour beforehand and she was happy to talk and describe herself/services. Top marks for customer service! I asked for owo to completion and got that (she doesn't swallow). Very good service for the money. Why is it so cheap??

The reason why I have posted several FRs together in this batch is that I now plan to retire and wanted to commit my recent punts to PunterNet ? hence why I have indicated that I wouldn't visit again. I have got bored with the whole scene: the poor value for money in 90% of my punts, the lack of sincerity in the business, the sums of money I've spent for ephemeral experiences, the feelings of "why am I doing this?" as I hear the parlour door slam behind me when I walk out, and the general bullshit associated with punting ? wish me luck!
