The Premises:

Big flat above Thomas Dolan Engineering, entrance via stairs on right of building marked 69 (I'm told this is the actual number). Room was clean & comfortable with shower and video playing. For the more timid you should visit after 4:30pm as this is when the engineering firm closes, although I never had any problems.

The Lady:

Christy is a great looking lady in her mid 30's, dark hair, curvy, with tits to die for, a 40ff!!!! Soft tanned skin and a friendly nature.

The Story:

Christy relaxed me with a slow massage which started with her running her enormous tits all over my body and ended in her licking my balls from behind, as I turned over she gave me one of the best blow jobs ever! She loves oral being done to her which I happily obliged, until I couldn't wait any longer and took her from behind. A great visit with this lady, I can't wait til next time, thanks Christy.
