The Story:

Bristol is well of my patch and so I had travelled quite a distance to meet this young lady who has been on my wish-list for a while. It was unfortunate that her father chose to arrive just before my appointment. She texted me and I had to wait around for well over an hour. Still these things happen especially if you make an appointment on a Sunday! She was well worth the wait, kissing and cuddling me from the second I got into her bedroom whilst still apologising. We spent a lot of time cuddling and mutually caressing before she gave me my favourite cow-girl and that was something special!
